EXPORT PALLETS

Our Export Pallets are ISPM – 15 Certified to **A.W.P.C.S**, per regulation requirements

Standard sizes for export:

1100 x 1100mm & 1140 x 1140mm

Timber is heat-treated for bug and insect infestations
All our export pallets are individually stamped with an export certification mark.

We can manufacture to any specification required by our customers for exportation requirements.

BULK BINS

We manufacture a range of different size bulk bins to suit your requirements. Working in conjunction with our Corrugated Cardboard manufacturing division, ABBE Corrugated, makes the production of bulk bins and industrial packaging a cost-effective option for your business.

The local manufacturing of the corrugated cardboard at ABBE ensures the consistent, stringent quality checks and processes throughout, before the completion of timber and cardboard components at our AIP facility.

PRODUCE BINS

We manufacture Produce Bins for vegetables, such as potato & onions, including Fruit Bins for apples and citrus. We can custom manufacture to your specific requirements.

Export Produce Bins are also available and made to strict export guidelines and are ISPM – 15 Certified.
